

ARMREG HOLOCAUST SUMMIT

Independent · Fearless · Uncensored · Unconstrained

Tackling the Most-Harmful Ideology Undermining Peace, Truth and Freedom Worldwide

Germar Rudolf (ARMREG Holocaust Academy, CODOH) **extends an Open Invitation to All Concerned about Holocaust Dogmatism**

It is with great enthusiasm that the newly created [ARMREG Holocaust Academy](http://armregholocaustacademy.com) announces the 2026 ARMREG Holocaust Summit (holocaustsummit.com). The purpose of the 2026 ARMREG Holocaust Summit is to give all those who are concerned about the dogmatization and political misuse of Holocaust historiography a forum to present their research results, opinions and views to an online community.

The use and misuse of the Holocaust Dogma for belligerent and atrocious politics in the Middle East, and for the suppression of freedom of speech in Western countries, has become increasingly apparent to millions around the globe. Never have the masses been so receptive for critical, skeptical views on how history is misused and distorted for political ends. The number of people willing to challenge the West's last standing taboo has skyrocketed. The public is ready to confront openly and unabashedly the orthodox Holocaust narrative. Therefore, the time for a conference is now ripe.

Our live-streamed conference will occur on/around Jan 27th, 2026, a date chosen for a watershed event that contributed to the formation of the Holocaust Dogma, the "liberation" of Auschwitz.

The conference will last 1 to 3 days, depending on the number of papers submitted and accepted. Speakers are allotted roughly 30 minutes to make their presentation online, with 15 minutes of Q&A by a moderator. Presentations can be verbal only or accompanied with slides. To apply for a slot as a speaker, please submit a short abstract at the latest by November 1st, 2025, plus a brief biography (required) and portrait image (optional). Submissions will be vetted based on this by our chairman and academic advisors. Accepted speakers will be informed of this by November 15, 2025.

Papers Are Accepted for the Following Three Topics

– Holocaust and History: Taboo between Dogma and Dissent.

For this section, papers should focus on the actual historical record: on the various ways this event has been defined by historians; on findings – new and old – correcting the established record and our understanding of it; on how Holocaust historiography has been revised over time by both orthodox and skeptic scholars.

– Holocaust and Politics: History as a Weapon

For this section, papers should focus on the use and misuse of the Holocaust for political ends: to immunize fashionable minorities from critique, push certain political agendas, instigate wars, and excuse or even deny ongoing genocides.

– Holocaust and Human Rights: History as a Muzzle

For this section, papers should focus on the misuse of the Holocaust to disenfranchise unfashionable minorities, limit free speech, burn books, incarcerate dissident. Papers are welcome on individual fates of dissidents, on situations in specific countries, on general issues of civil rights threatened by historical taboos, and on the creation of "satellite taboos" with subsequent censorship metastasizing from the central Holocaust taboo.

After the event, we plan on publishing the "2026 Holocaust Summit Proceedings" (as paperback and a free eBook edition) with all presentations included. We request (this is optional) that, for inclusion in these Proceedings, all speakers submit a written paper based on their presentation by the end of this year 2025 at the latest. It should be limited to 60,000 characters (no counting foot-/endnotes). All speakers agree to have their presentation, or, where submitted, written paper included in the upcoming printed "2026 Holocaust Summit Proceedings" without any royalties paid.

Join us in creating a world forever free of the Holocaust Dogma, we are excited to see you then!
